FOUR CHARGED WITH STEALING 2,000 LBS. PIPE

Four young men have been charged by state police with stealing 2,000 pounds of pipe from D. M. Pratt's Zora Hereford farm in Liberty Township.

Three of the four were in jail today in default of \$1,000 bail each. The fourth, Clarence William Stouter, Orrtanna R. 1, who was the first of the four brought before Justice of the Peace John H. Baschore to face larceny charges arising from the theft, was released Thursday upon posting of bond to appear in court for sentence.

All four entered pleas of guilty, according to Justice Baschore's records.

State police said the four men went to the Pratt farm near Emmitsburg Saturday night. Two of them were in a truck, two in a car.

Trooper Is Suspicious

After they had placed the pipe in the truck, the two operating the vehicle and the operator of the car returned to Emmitsburg after leaving Stouter at his home.

Maryland State Trooper William Morgan, at Emmitsburg, became suspicious of the truck loaded with pipe and took the three Emmitsburg R. 1 men into custody. Learning the story he notified state police here. Local officers arrested Stouter Wednesday and he was placed in jail after pleading guilty. He secured bail Thursday.

Thursday the other three: Donald B. Cool, 22; William R. Myers, 21, and Raymond Springer, 22, all of Emmitsburg R. 1, were brought here from Maryland prison after they had waved extradition, and entered pleas before Justice Baschore. In default of bail they were returned to jail.

A brother of one of the men, whose truck they used, was originally charged with larceny also, but that charge was dropped when investigation showed he had no connection with the theft, or knowledge of the use of the truck.

JAYCEES PLAN ANNUAL ANTIQUE SHOW AUG. 9-11

Further plans for the annual Antique Show to be held August 9, 10 and 11 at the Hotel Gettysburg pressroom were outlined Thursday evening at a meeting of the Gettysburg Junior Chamber of Commerce at the former CCC camp on W. Confederate Ave.

Twelve of the 23 booths planned for the show have already been rented for the exposition, Fred H. Attinger, general chairman, announced. The number is larger than in prior years for the same date. He also added that the solicitation for advertisements for the printed program in connection with the show will be completed in about a week. He praised the support given by business places, noting so far income from sale of advertisements exceeds the total of last year.

Report On Convention

Magnus Flaws Jr. reported on the national Junior Chamber of Commerce convention attended by him and Donald Becker at Milwaukee.

Arthur Kennell reported on the recent Junior Golf Tournament sponsored by the Jaycees and introduced the winner, Thomas Crist, who will represent the local area this weekend in the state juvenile golf tourney.

John Y. Crow reported a small profit made on the "Car Bang" program held by the Jaycees as part of the firemen's carnival at the Recreation Field last week.

Plans were made for attendance at a baseball game in Baltimore August 30.

Two Youngsters Suffer Injuries

BLACK WALNUT SCOUTS GREET FOREIGN BOYS

Scouts from the Black Walnut District attending the National Boy Scout Jamboree at Valley Forge find themselves in a "little United Nations," according to a report from the scene by Patrick H. Roth, Gettysburg Explorer Scout who is one of 20 attending from the local district.

Most of the local Scouts are in Troop 28 in Section 33 which contains 1,405 Scouts, among them one from Denmark, one from Bermuda, nine from the United Kingdom, five from the Bahamas.

The local Scout reported the 16 foreign Scouts have spent most of their time so far answering questions put by the local Scouts concerning customs and scouting activities in the other countries.

Almost Blew Away

Camping also entails work. Roth reported from the camp:

"Besides digging sump holes I managed to see some of the camp and got to know some of the services—haircuts, \$1.25.

"We got our camp site pretty well set up here and only have one more sump hole to dig.

"I did all the cooking (head cook) today. We had a hot breakfast—eggs (ugh), cocoa, cereal, etc.; cold lunch (cold cuts) and a hot supper (hamburg, bean, potato salad).

"The camp almost blew away today in a wind storm which lasted all day. This made cooking horrible. You would go to grab something and find it flying into the next campsite.

"More tomorrow when we go on a tour of the camp."

MORE THAN 2,996 COUNTIANS GET SECURITY HELP

More than 2,996 beneficiaries in Adams County were getting monthly social security payments totaling \$143,023 at the end of 1956, John A. Taylor, district manager of the social security office announced today. These increases, he said, result in part from the protection provided to farm families by the coverage of farm employment and self-employment under social security.

He pointed out that self-employed farmers were first brought under social security in January, 1955. Those over retirement age at that time, or who reached retirement age before the end of 1956, became insured if they reported self-employment income of at least \$400 for 1955, and again for 1956. These insured persons were able to qualify for old-age benefit payments during the latter year. Taylor said that about 151 self-employed farmers and their dependents filed claims for benefits in Adams County in 1956. The number of farm claims filed in 1957 will be much greater. For example, during the 6 months, January-June, 1957, 109 farm claims for benefits had been filed.

Others Assisted

Noting the impact of farm coverage in general on essentially agricultural areas like Adams County, Taylor said that a farm employee who was already at retirement age by mid-1956 became insured as of April 1 of that year if he had taxable wages of \$400 or more in 1955 and of at least \$200 in 1956.

Last December, 1856 Adams County retired workers were being paid a total of \$13,820 monthly, and \$11,325 was being paid to aged widows or dependent aged widowers and parents of deceased workers. The lowering of the age at which a woman without an entitled child in her care can start getting benefits is reflected in these figures. Effective with November, 1956, benefits could be paid to women starting at the age of 62.

Monthly payments of \$3,453 were being made to 83 widowed mothers with children under 18 in their care and minor children of retired or deceased workers. Nine out of ten mothers and children in the United States now have social security protection.

Report Aga Khan Wants Red Granite Tomb On Skyline Of Desert Hills Near The Nile

GENEVA (AP) — Prince Sadruddin Khan postponed his wedding to London model Nina Dyer for six weeks today because of the death of his father, the Aga Khan.

Sadruddin, 24, was to have married Nina, 27-year-old former wife of steel tycoon Heinrich von Thyssen, at Geneva next Monday. The Aga died after a heart attack yesterday at the age of 79.

There was still no official word on who would succeed to the Aga's spiritual leadership of 20 million Ismaili Moslems, or where the Aga would be buried.

Sadruddin and Prince Aly Khan, the Aga's two sons, are considered in the running. Aly, 46, formerly was married to actress Rita Hayworth.

Successor Is Secret

A family spokesman said that before his death the Aga "entrusted the secret of his succession to a noble person, who will reveal it in due course."

Queen Elizabeth II of Britain sent a note of sympathy to the Aga's widow, the Begum.

Town, County "Alerted" For Enemy Attack This Afternoon

Adams County Civil Defense officials this afternoon were continuing Operation Alert after the general public's part in the program had been completed.

The "take cover" signal was given at 1:45 o'clock this afternoon.

From 10 o'clock this morning fire engines were manned throughout the county to permit dissemination of Civil Defense information and the signal for sounding the alert and "take cover" signals to the general public.

The "yellow" signal, signifying "enemy planes" at least two hours away, came through at 11:30 o'clock this morning. Sirens were sounded and whistles at factories were blown to alert the public to receive a message of importance.

Carrying out that part of the drill WGET broadcast a message telling of the test alert and the presence of "enemy planes."

Receives Coded Message

At 1 o'clock central control headquarters at the engine house here received a blue signal on the state-wide special information signal system that goes into various county headquarters.

A few minutes later Burgess William G. Weaver, county CD chief was called from the state central control office and given a coded message relating the situation at that time.

The "blue signal" indicates that the "enemy" was approximately a half hour away. Following standard procedure no further alert was given. The information was broadcast by radio.

All but two of the fire companies were on the air this morning. Biglerville was in communication with Gettysburg by radio at first but later had to switch plans because of an emergency.

County Emergency

Harold Smallwood was on radio duty in Biglerville but was called to return to work at Wolff's Farm Supply when Allen Dearloff, another employee there, suffered a shoulder bruise in an accident. Arrangements were immediately made to provide telephone service to the C. H. Musselman Co. to sound the alert.

SEGREGATION TRIAL NEARS SERIOUS PART

By R. ELMAN MORIN

KNOXVILLE, Tenn. (AP) — The United States government today was nearing the heart of its case — conspiracy — in the trial of 16 people who fought to keep Negro students out of a small-town Tennessee high school.

"We are getting to the 'acting in concert' part of the story now," said U. S. Dist. Atty. John Calvin Crawford.

It is a story of animosity and deep-seated feelings about segregation in the pretty highland town of Clinton, population 4,500.

Members of the school board told the all-white jury hearing the case of a six-point manifesto presented to them by segregationists.

It asked them to poll the Negroes in Clinton as to their preferences of a school for their children, to send the Negroes back to an all-Negro school 20 miles away at Knoxville which they had been attending — and said, if they were unable to comply with these and other demands, to resign.

Other witnesses will describe riots that brought tanked National Guardsmen to Clinton. Later, a Baptist minister, the Rev. Paul Turner, got a bloody nose and a beating for walking six Negro students to the school and seeing them safely inside.

Out of this violence came the "Clinton trials."

Today, 15 Tennesseans, including two women, and John Kasper, New Jersey segregationist leader, are on trial or criminal contempt. They are charged with knowingly defying a federal injunction against obstructing integration in the high school.

Clinton was the first state-supported Tennessee high school for white students to open its doors to Negroes. This followed the Supreme Court decision ruling segregation illegal.

The outcome of the present trial may show, legal experts say, whether the federal government will be able to enforce the Supreme Court ruling.

STATE HOSPITAL IS FIRING 63

NORRISTOWN, Pa. (AP) — State Welfare Secretary Harry Shapiro and Dr. Arthur P. Noyes, superintendent of the Norristown State Hospital, were in agreement today that some 63 maintenance workers at the institution are going to lose their jobs. But there was a difference of opinion as to who initiated the move.

Shapiro said yesterday that the workers are being discharged for inefficiency and that it was Dr. Noyes' idea. Dr. Noyes said the employees are being fired for economy reasons and that Shapiro started the ball rolling.

Shapiro first disclosed the planned firings during a visit to the Nanticoke State Hospital and indicated at that time he would approve the dismissals.

The welfare secretary said Dr. Noyes submitted a list of workers he considered inefficient and recommended they be given their notices, some in August and the remainder in September.

Dr. Noyes said, however, "We will have to operate shorthanded because of lack of funds."

The Legislature in the recently-ended session, allotted the Norristown Hospital one million dollars less than the amount asked by Gov. Leader in his budget.

MOTHER KILLED IN PIKE CRASH

LEBANON, Pa. (AP) — A 46-year-old Harrisburg woman was killed last night when the pickup truck in which she was riding with her husband and three children went out of control and crashed on the Pennsylvania Turnpike near here.

State police troopers Joseph Brozina identified the dead woman as Mrs. Lena Mitchell.

The state policeman said the dead woman's husband, Gus Mitchell, and their three children were injured slightly. He said the steering mechanism on the truck failed and the vehicle swerved into a bank and overturned. The truck was being used to pull a house trailer.

He said the family was en route to Astoria, N.Y., where Mitchell was to enter a hospital for treatment.

GIRARD DOESN'T DREAD JAP TRIAL

CAMP WHITTINGTON, Japan (AP) — William Girard indicated today he doesn't dread a Japanese trial as much as members of his family back home in Ottawa, Ill.

Girard expressed confidence a Japanese court would acquit him on charges of causing the death of a Japanese woman on a military firing range.

The 21-year-old Army specialist issued a statement to newsmen a few hours after the U. S. Supreme Court upheld the American government's decision to turn him over to Japan for trial.

Asked whether he had any difference of opinion with his brother, Louis, in Ottawa on the jurisdictional fight waged in the case, William replied: "I don't think so."

Later he added, "My brother has never been in Japan and he doesn't think the way I do."

Seek Change Of Venue For Trial

SALEM, Ill. (AP) — A petition has been filed in Marion County Circuit Court asking a change in venue in the trial of a 17-year-old Pennsylvania girl for murder.

The petition charged Judge Ward Holt was prejudiced against the girl, Trude Jo Baker of Wormleysburg, Pa., and sought another judge for the trial.

Mrs. Baker and her husband, Robert, 26, also from Wormleysburg, are charged with the murder of an Indiana Marine, Pvt. Larry Kirk, last December.

The petition is based on a signed oath by Mrs. Baker saying she thought Judge Holt who denied her a writ of habeas corpus Saturday is prejudiced against her.

Holt said a hearing on the petition would be held Friday morning. The judge said he would also decide if separate trials should be ordered for the two starting July 22.

"Someone Goofed" At State Capitol

HARRISBURG (AP) — Pennsylvania's state capitol was thrown into confusion today by sounding of the "yellow alert" to warn that a mythical enemy was about two hours away.

The "alert" was the start of Operation Alert in Pennsylvania and across the nation as a test of the civil defense set up. That alert meant that the public would participate in the drill in about two hours with other warning signals.

Hundreds of state workers left their desks, huddled in corridors or went to designated air raid shelters. Elevator stopped running. Things went back to normal in a few minutes.

"Someone goofed, they had their instructions," commented Dr. Richard Gerstell, state civil defense director.

COURT DECISION IN GIRARD CASE MEANS TROUBLE WITH CONGRESS

By LEWIS GULICK

WASHINGTON (AP) — The Supreme Court's decision in the Girard case spelled potential troubles for President Eisenhower in Congress today even as it smoothed the path for his dealings with foreign countries.

Administration officials beamed over the court's 8-0 verdict in favor of their pledge to Japan to allow Japanese trial of Army Specialist 3.C. William S. Girard for the shooting of a Japanese woman.

The Japanese too voiced pleasure over the ruling. And Japanese Dist. Judge Juzo Kawachi, who will conduct Girard's trial for manslaughter, set Aug. 28 as the starting date for the proceedings. He promised they will be fast and fair.

Loud Outcries

But on Capitol Hill, there were loud outcries against the decision and a blossoming of moves to bar any "Girard case" from happening again.

An Eisenhower-opposed resolution by Rep. Bow (R-Ohio) to end foreign trials of GIs gathered fresh support in the House and loomed as a threat to Eisenhower's foreign aid bill.

The House Rules Committee yesterday cleared the \$3,242,333,000 aid bill for House consideration starting Monday but left the Bow resolution in the deep freeze. Bow promptly started studying the aid measure to see where he might offer his resolution as an amendment.

Difficult Choice

Rep. Leo Allen (Ill.), the senior Rules Committee Republican, said the House "without any question" would tack Bow's amendment on to the aid bill if it comes to a recorded roll call vote.

If the aid bill passes Congress in that form, Eisenhower would be faced with the choice of vetoing aid legislation which he says is vital to free world security or signing it with the Bow amendment in it. And the Bow resolution, say defense chiefs could collapse the global security system by forcing America to withdraw its troops from around the world.

Chairman Gordon (D-Ill) of the House Foreign Affairs Committee announced today he will vote against tying the Bow amendment to the aid bill even though he supports the resolution as a separate measure. That boosted chances for success of a move planned by the House leadership to kill the amendment of an unrecorded vote short of a formal roll call.

Girard Not Surprised

Girard commented in Tokyo that he was "not surprised" at the decision. Later, through his Army legal adviser, he expressed confidence he will get a fair trial and will be acquitted.

But back in his home town of Ottawa, Ill., his family was shocked and saddened by the court's decision.

William's older brother Louis said, "I sure thought they (the court) were going to be fair about it. I didn't know anything like that could go on in this country."

Found No Barriers

In overturning a U. S. District Court decision that allowing Japanese trial would violate Girard's constitutional rights, the high court said that neither the U. S. Constitution nor American law barred the United States from waiving its jurisdiction over Girard. Therefore, it said, the decision is up to the executive branch.

"We find no constitutional or statutory barrier to the provision as applied here," the unsigned opinion said, adding: "In the absence of such encroachments, the wisdom of the arrangement is exclusively for the determination of the executive and legislative branches."

Khrushchev Assails Western Powers

VIENNA, Austria (AP) — Nikita Khrushchev accused the Western powers today of hampering the London disarmament talks by "tying them up with the entirely separate question of the reunification of Germany."

The Soviet Communist party chief, in a speech broadcast from Bratislava, Czechoslovakia, also sharply assailed West Germany, accusing it of "Hitlerite militarism." At almost the same time, in Bonn, Chancellor Konrad Adenauer accused the Russians of stalling on disarmament to await the outcome of the German election in September.

Khrushchev and his traveling companion, Soviet Premier Nikolai Bulganin, went to Bratislava to start a three-day tour of the Czechoslovak provinces after two days in Prague. Western reporters were not permitted to accompany them.

FEDERAL JUDGE RAPS SENATE SUBCOMMITTEE

WASHINGTON (AP) — Federal Dist. Judge Luther W. Youngdahl says the Senate Internal Security subcommittee has used the label "subversive" in such a manner that "it becomes intolerable."

His sharply critical views of the subcommittee's operations were set forth in a 17-page written opinion late yesterday reversing the contempt of Congress conviction of Seymour Peck, a New York newspaperman.

Youngdahl said the Peck case "exemplifies the abuses the Supreme Court sought to correct" in its June 17 decision reversing the contempt of Congress conviction of John T. Watkins, a labor organizer of Rock Island, Ill.

Convicted Of Contempt

Peck, 39, a deskman on the New York Times Sunday magazine, was convicted by a jury in Youngdahl's court March 26 of contempt in unlawfully refusing to identify onetime fellow Communists.

Peck said he terminated his Red affiliations in 1949, some three years before he went to work for the Times, and that for seven years preceding 1949 his associations with the Communist movement were negligible.

Youngdahl, noting earlier court decisions, gave Peck a 30-day suspended jail sentence and fined him \$500. The case was returned to him by the U. S. Court of Appeals for reconsideration in the light of the Watkins decision.

Will Resume Life With Freed Wife

WASHINGTON (AP) — Sgt. Robert W. Brillhart says he plans to resume life with his wife, who is being freed from prison after serving three years of a life sentence for the murder of three of their children.

Pentagon officials indicated the soldier's decision to stand by British-born Eunice Brillhart may be a major factor in the final decision as to whether she can remain in the United States.

Mrs. Brillhart was convicted by an Army court-martial in 1954 for the murder of three of her children while the family was living in Africa.

Army sources say privately there is little doubt Mrs. Brillhart's crimes can be traced in part to her breaking under the strain of life in a remote area. And these officials held out the possibility her condition now is such that she might be able to lead a normal life.

HARRISBURG (AP) — A former vice president of the Manu-Mine Research and Development Co. testified today he didn't know anything about profits made by his firm on a contract with the Pennsylvania Turnpike Commission.

He said that it wasn't until testimony yesterday that he learned Manu-Mine had lost money on a contract for exploratory drilling for mine voids along the turnpike northeast extension.

Charles W. Sticker Jr., Manu-Mine president, closed four days of testimony yesterday, with the reported loss of money.

RUSH, SANFORD HAVE NO-HITTER SPOILED IN 8TH

By BRIAN BELL
PHILADELPHIA (AP) — Winning the ball game is the thing; the no-hitter is secondary.

So philosophized the Philadelphia Phillies' Jack Sanford and the Chicago Cubs' Bob Rush, both thwarted in the eighth inning of separate games in a two-night doubleheader as they went for no-hitters last night.

Sanford won his game; Rush didn't.

NL's Top Winner
Sanford, National League's top pitcher with a 11-2 record, retired the first 22 Cubs he faced until Dale Long got a broken bat single with one out in the eighth. He went on to win 3-1.

Rush pitched hitless ball for seven innings, Chico Fernandez, lead off man in the eighth, got a solid opposite field hit to spoil Bob's attempt. Rush, finally relieved in the 11th inning, lost a 1-0 pitching duel with the Phillies' Harvey Haddix in that frame.

"I wasn't particularly disappointed when Long got that hit," Sanford said after the game. "Maybe I'll feel worse when I get to thinking about it later."

"Interested In Winning"
"I don't think I'm that kind of pitcher," Jack said. "They were hitting some good shots but they were hitting them right at somebody. I felt pretty lucky out there."

"All I wanted to do was win the game," Sanford said.

The Cubs' hurler, who has only one victory in nine decisions, said he wasn't disturbed when his no-hitter was spoiled.

"I'm interested in winning games," Rush said. "The no-hitter was the least of my worries."

"The Phillies always give me trouble and I wanted to win that one bad. I lost 14 straight to them before I beat (Robb) Roberts 2-1 last year."

3rd Straight Doubleheader

"The closest I came to a no-hitter in pro ball before this was in the Puerto Rican Winter League in 1953," Sanford volunteered. "The pitcher got a hit off me with two out in the eighth to ruin it. I was throwing for Ponce and I remember it well because I would have gotten a thousand dollars if it had been a no-hitter. That's what the league had offered."

Sanford used mainly fast balls as he struck out eight to run his league-leading total to 104. The victories by the Phils' ace rookie and the veteran Haddix who pitched a nifty 11-inning eighth-hitter himself put Philadelphia in second place, one percentage point ahead of Milwaukee.

The "hitless" Phils got a total of only 12 hits in winning their third straight doubleheader. They swept twin-bills from the Giants July 4 and the Dodgers July 7. Before that they hadn't won a doubleheader all year.

LATVIANS TAKE BOAT TO SWEDEN

STOCKHOLM (AP) — Four Latvian fishermen tied up their captain in the mid-Baltic and took their fishing trawler to Sweden to request political asylum, reports received here today said.

On their arrival at the Swedish island of Gotland yesterday, they said they had been planning to escape to Sweden since last winter.

The four fishermen were to be brought here for consideration of their request for asylum.

NEW YORK (AP) — Aircraft took losses as the stock market put on a mixed performance in moderate early trading today.

Pivotal issues were up or down by fractions to around a point or so.

After its irregular declines yesterday from the brink of a new historic high, the market appeared to be undergoing another process of consolidation, brokers said.

Steels and motors were mixed, nonferrous metals were generally lower but chemicals retained an edge to the upside.

SEEKS EARLY VOTE ON CIVIL RIGHTS BILL

WASHINGTON (AP) — Sen. Knowland (R-Calif.) ruled out today any immediate steps toward compromising the administration's embattled civil rights bill.

The Senate GOP leader made the comment in advance of a private breakfast with President Eisenhower and before the Senate started a fifth day of debate on his motion to bring the House-passed measure before the Senate for action.

Knowland said flatly "there are going to be no amendments agreed to," nor any negotiations or agreements looking toward amendments, "until after the bill becomes the pending business in the Senate."

Knowland said he was "very hopeful" a unanimous consent agreement could be obtained during the day for a vote on his motion early next week.

Seeks Contest Agreement

Knowland said he hoped he and Senate Democratic Leader Lyndon Johnson of Texas could join later in the day in offering a unanimous consent agreement to fix a time for voting on the motion to take up the bill.

Johnson said his hope was for a vote next Wednesday, but Knowland said he thought that the Senate should vote earlier—on Monday or Tuesday. He said a week's debate of his motion was adequate.

The GOP Senate leader declined to say whether he would try to keep the Senate in round-the-clock sessions if Southerners blocked any voting agreement.

Woman Confesses 14-Yr.-Old Murder

BUFFALO, N. Y. (AP) — A conscience-stricken Buffalo woman told authorities last night she strangled her husband 14 years ago and successfully rigged his death to look like suicide.

Then the woman — Mrs. Helen Ginter, 39 — went with police to the now-vacant former apartment in suburban Cheektowaga and re-enacted her version of the June 13, 1943, events.

Mrs. Ginter told police she strangled her husband Edward Kemery with his own belt as he slept.

Then, she continued, she laboriously suspended his 200-pound body by the neck with a length of sash cord in a closet.

Mrs. Ginter told authorities Ke-

JUDGE DENIES HOFFA MISTRIAL

WASHINGTON (AP) — U.S. Dist. Judge Burnita S. Matthews today denied a motion for a mistrial in the bribery case against Midwest Teamsters Union chief James R. Hoffa.

The motion was based on the mistrial granted yesterday to co-defendant Hyman L. Fischbach, whose attorney had become ill.

Edward Bennett Williams, Hoffa's counsel, argued that Hoffa could not put up an adequate defense with Fischbach granted a separate trial.

Was To Testify
Williams said Fischbach, a Miami attorney, had intended to testify at their joint trial and seek to refute testimony by the government's key witness, John Cye Cheasty.

Cheasty is the lawyer-investigator for the Senate Rackets Committee whom Hoffa and Fischbach are charged with having bribed to pass out data from committee files to Hoffa.

Hoffa's counsel said Fischbach now is refusing to testify in Hoffa's behalf and will give his version of the situation only when he comes to trial later.

Judge Matthews turned down Hoffa's mistrial motion without comment.

Douglas said he believed most of the "public alarm" over jet aircraft noise is associated with "the

Stolen Dog Is Located: "Pop-eye" the four-year-old brown fox terrier of Lauren Taylor, Biglerville truck driver, stolen from his owner last week in Newark, New Jersey, doesn't know it yet but he soon will be returning home to Biglerville.

Last week Mr. Taylor who drives a truck for the C. H. Musselman Company at Biglerville saw a man grab "Pop-eye" from the cab of his big truck while it was parked in Newark. Taylor gave chase but the thief escaped and with him went the little brown dog.

On Wednesday of this week a card was received at the office of John W. Brehm, Adams County treasurer, from Theodore Falk, Irvington, New Jersey, stating that a dog bearing license No. 3309 from Adams County had been found wandering about the streets in Hillside, New Jersey. Mr. Brehm checked the records, found the tag was issued to Mr. Taylor. He showed a Times reporter the postal and Mr. Taylor was contacted upon his return from a trip to Pittsburgh.

Mr. Taylor will write Falk and plans to pick up "Pop-eye" when he makes another trip to Newark next week.

Today's Talk

UNWRITTEN LANGUAGE

What is behind that baby's smile, or the bark of a dog, as each looks into the questioning faces of those who love it? What is that small baby thinking? What words is that trusting dog trying to explain, or express? There are unwritten languages that surpass in beauty and understanding all other languages. It can well be called the language of love.

I like to think of flowers as being in love, and then radiating that love in beauty and fragrance so that all about them is an atmosphere of peace and harmony. Why did God create flowers, anyway? Just imagine all flowers swept from the earth. What a catastrophe! Could the birds then open up their voices of joy and thanksgiving? I am of the opinion they would be so lonely and unhappy that they would, little by little, lose all interest in life.

What a spectacle is illustrated in a beautiful garden of flowers with those tiny hummingbirds depending upon the honey from the flowers to give them life and happiness! I have watched these interesting birds by the hour. Only a year ago did I first witness several making a nest in an apple tree, near where they were flashing back and forth from a beautiful flower garden.

Birds, too, have an unwritten language and it is full of beauty and intimate understanding. They are not perfect, however. They quarrel, sad to say. There is jealousy among them, but when they give themselves to a chorus of song they are as one. It is as though that concert were imported from Heaven! I love to watch all nesting times, and for that moment when the new birds are first given their lesson in life!

Tomorrow Mr. Adams will talk on the subject: "Behind the Stars" Protected, 1957, by The George Matthew Adams Service

BIRTHDAY CAKE
I asked the golf club chef to make my daughter Janet's birthday cake. When on the table it was laid. A thing of beauty was displayed.

The tiny candle cast its flame. On sweetly lettered Janet's name. And close to that rich bouquet Of lilacs pure and roses gay.

Since chefs in public won't appear, A word of praise they seldom hear. They work with an exquisite art. But from their triumphs stay apart.

Now to that chef unseen I raise My voice in gratitude and praise. To make a cake so good to see— So good to eat—an artist, he.

GRAHAM CROWDS GARDEN FOR TALK

NEW YORK (AP)— Evangelist Billy Graham says millions of people are taking tranquilizing drugs because they are spiritually dead.

Addressing 18,000 persons at Madison Square Garden last night, he also said that the way is still open for the reconciliation of sinners.

There is a chance for everyone to gain eternal redemption if they accept Christ, acknowledge their sins and repent, Graham said.

At the end of the service, 604 persons went forward to indicate that they had made "decisions for Christ."

It was announced that a special service in Graham's New York crusade will be held Sunday at 2:30 p.m. in front of the Cornerstone Baptist Church in Brooklyn. The Brooklyn division of the Protestant Council of the City of New York is sponsoring the service.

President Signs New Housing Bill For Lower Down Payments And Fund Of \$1,990,000,000

WASHINGTON (AP)— President Eisenhower today signed a housing bill authorizing lower down payments on FHA-insured homes and making an additional \$1,990,000,000 available for various housing programs.

In approving the measure, however, Eisenhower said that "up fortunately" it contains a number of very serious defects. He called for repeal of some provisions at the next session of Congress.

He noted that the sum made available for housing programs is "more than double the amounts requested for these programs."

Limit Use Of Authority
"Accordingly, I have given instructions to limit the use of the new authority provided by this act during the fiscal year 1958 (which started July 1) to amounts consistent with the over-all budget program," he said.

Eisenhower's January budget proposal called for only \$1,025,000,000.

The bill's provision for lower down payments on housing carrying FHA-guaranteed mortgages is only permissive, and there was no indication in the presidential statement that Eisenhower was taking any action to put them into effect. The National Assn. of Home Builders had asked the President to give FHA orders on that point.

Graduated Down Payments
The lower down payments made possible by the bill are a minimum of 3 per cent on the first \$10,000 of appraised value, 15 per cent on the \$10,000-to-\$16,000 segment, and 30 per cent above that.

The present law requires at least 5 per cent on the first \$9,000, and 25 per cent above that. Thus the down payment on a \$15,000 home could be cut from \$1,950 to \$1,050.

The \$1,990,000,000 carried in the bill is new obligatory authority for housing that the Treasury might have to meet. Experts in the Housing and Home Finance Agency say that actually it will provide \$1,675,000,000 of new funds for housing construction.

The discrepancy comes in the funds for secondary market mortgage purchases by the Federal National Mortgage Assn. These purchases provide lending agen-

cies with new funds to enable home building to continue even when private sources have dried up.

The bill increases the capital stock of FNMA by 65 million dollars, stock of which is subscribed by the Treasury.

However, FNMA is able to buy \$10 of mortgages for each \$1 of capital stock, so the bill actually will increase its mortgage purchase authority by 650 million.

The measure carries 900 million dollars in Treasury backstop money for FNMA. This means the agency could draw on the Treasury for that amount to buy mortgages if it cannot for the moment raise money in the usual way through sale of private debentures.

Thus the total impact of the bill on the Treasury could be 965 million—the 900 million backstop plus the 65 million of new capital stock.

EXPECT NASSER TO REVEAL NEW MOVE IN SPEECH

By JOHN SCALI
WASHINGTON (AP)—Some U.S. officials say they expect Egyptian President Gamal Abdel Nasser to announce some new, possibly sensational Middle East move in a speech to his people set for July 23.

It was under similar circumstances at about the same time last year that he announced Egypt's seizure of the Suez Canal. Some authorities believe that Nasser this year may demand that United Nations Emergency forces leave his soil, or that he may announce a blockade of the disputed Gulf of Aqaba with submarines bought from Russia.

Means New Crisis
Either move, these officials said, would be certain to plunge the Middle East into a new crisis with far-reaching international repercussions.

Diplomatic officials carefully following Nasser's actions won't vouch for the accuracy of either forecast. Some said Nasser just would not dare to flout world public opinion by any such drastic move.

But these officials said there is every sign the Egyptian leader, in a move to recoup his battered prestige in the Arab world, hopes to spring some "blockbuster" kind

of announcement.

Anniversary Speech
Nasser is reported attaching great importance to his address because the date coincides with the fifth anniversary of the ouster of King Farouk and the opening of the new pro-Nasser Parliament.

Nasser is known to be worried over diplomatic defeats involved in moves by Saudi Arabia and Jordan to develop more friendly ties with the United States.

As a possible prelude to some major anti-American announcement, the Egyptian press and radio have been denouncing the United States government, and accusing it of "imperialism," "colonialism" and efforts to "buy" Jordan's government.

Differing Views
The suspicion that Nasser might use the three submarines bought from Russia last month to close the Aqaba Gulf to Israeli shipping has been heightened by the Egyptian navy chief of staff. He said a few days ago the subs were acquired in order to "be in a position to frustrate any attempt at hampering navigation of Egyptian territorial waters."

Egypt has maintained that the gulf is Egyptian territorial water, despite the view of the United States and other Western countries that it is an international waterway open to shipping of all countries.

ESSO DEALERS GET DISCOUNTS
ALLENTOWN, Pa. (AP)— Discounts to Esso gasoline dealers in eastern Pennsylvania will be reinstated, a spokesman for the Standard Oil Co. said last night.

All the same, about 35 dealers in the Wilkes-Barre area advised that they are closing their stations today as planned, since the reinstatement apparently would not affect today's business.

Verne DeVine, Esso district manager, said that before the discount of 4.8 cents a gallon to the dealer actually is reinstated Esso's headquarters in Philadelphia must signify its approval.

John Novak, a Wilkes-Barre area dealer, said that at the beginning of the week the tank wagon price to dealers was increased from 19.1 cents a gallon to 3.9. He added that recent prices in his region have been from 21.9 cents to 22.9, meaning that "since Monday we've been losing from one to two cents a gallon."

Area prices are determined by dealers in the various brands of gasoline. They have a tendency to arrive at or near the lowest price any single station decides to charge.

Two Fights, No-Hit Bids And Key Player Injuries Give 2nd Half Lively Opening In NL

By ED WILKS
The Associated Press

Think that was a torrid first half of the season in the National League? Well, you ain't seen nothing yet, pal, what with a player feud, a couple of no-hit bids and injuries to key players popping up in the breakaway for the final run to the pennant.

Taking the happenings one at a time:

1. Cincinnati's Don Hoak vowed "I'll get that Neal before this series is over, either on or off the field," while still riled up after being tagged with an "ambush" right hand from Brooklyn's Charlie Neal in the second of two fights last night at Ebbets Field. The Dodgers won it 5-4 on the second of Duke Snider's pair of two-run homers after Brooklyn's Jim Gilliam and Cincinnati's Raul Sanchez set off a big seventh-inning brawl when Gilliam was low-bridged by a Sanchez pitch.

Bids For No-Hitters

2. After Chicago's Bob Rush had no-hit Philadelphia for seven innings only to lose 1-0 in 11 innings, rookie Jack Sanford set down the Cubs with 1-3 innings of perfect ball for his 11th victory, 3-1, and a two-night sweep that hoisted Philadelphia into second place. The Phils, however, again lost catcher Stan Lopata, this time with a wrenched knee.

3. Milwaukee, slipping from second to third (one percentage point behind the Phils) despite a 7-2 victory at Pittsburgh, lost shortstop Felix Mantilla and center fielder Billy Bruton in a fielding collision.

4. Southpaw Johnny Antonelli five-hit St. Louis to win 1-0 as the New York Giants shaved the Cardinals' first-place edge to two games and ended their winning streak at five games.

In the "drab" American League Mickey Mantle's 23rd home run Yankees a 3-2, 11-inning victory at Kansas City and a 3½-game lead over Chicago's White Sox, beaten 6-5 by Washington. Third-place Boston went 10 innings to beat Detroit 9-7. Baltimore jumped from sixth to fourth with a pair of 5-4 decisions over Cleveland, the first in 11 innings.

Snider's clouts twice brought the Bronx behind. The first came in a three-run fourth that chased starter Brooks Lawrence. The other was off Tom Ackers, who lost it after replacing Sanchez—booted out of the game along with Neal, Gilliam and Hoak. Roger Craig won it in relief.

A leadoff single by Chico Fernandez in the eighth got the Phils going against Rush, and they finished with five hits, scoring on singles by Harvey Haddix, Richie Ashburn and Gran Hamner in the payoff 11th. Haddix won his eighth.

4-Hitter For Sanford

Sanford, now the NL's top winner with an 11-2 record, finished with a four-hitter after Dale Long's broken bat single in the eighth. A two-run double by Harry Anderson and a homer by Joe Lonnett, Lopata's stand-in, beat Don Elston.

Johnny Logan, who replaced Mantilla, drove in three runs for the Braves, capping a four-run fourth against loser Bob Friend (6-10) with a two-run homer. Bob Trowbridge gained his first complete game.

A six-inning home run by rookie Valmy Thomas won the Giants, breaking up a double two-hit shutout duel between Antonelli, now 8-7, and bonus whiz ZLindy McDaniel (8-5).

Yogi Berra's seventh-inning homer gave the Yankees a 1-all tie and Harry Simpson, late of the A's, singled home the run that made it 2-2 in the ninth to set up Mantle's swat.

How Orioles Did It

Two walks and an error loaded the bases and made Rocky Bridges' single good for two quick-inning runs off reliever Paul LaPalme for Washington's victory. Boston made it on Gene Stephens' single and Jim Piersall's sacrifice fly after a walk and two errors by losing Tiger reliever Lou Sleater.

The Orioles combined singles by Bob Nieman, Gus Triandos and Jim Busby with a wild pitch by loser Cal McLish for their two runs in the first game 11th inning. Starter Ray Narveski and McLish had given the Birds only two hits for 10 frames—Nieman's two-run homer and an RBI single by Ray Moore, who was relieved by winner Ken Lehman in the seventh.

Baltimore tagged just three hits—none A. Piliarski's homer—off Bob Lemon while scoring five runs in the first three innings of the nightcap, getting help from two walks, two hit batsmen and a double steal that scored a run.

THURSDAY'S STARS

PITCHING—Johnny Antonelli, Giants, struck out five, walked two and gave up five hits to beat Cardinals 1-0 and end National League leaders' winning streak at five games.

HITTING—Duke Snider, Dodgers—Walloped a pair of two-run homers to twice overhaul Redleg leads in 5-4 victory.

Bitter Feud Brewing After Two Brooklyn-Redleg Fights

By ORLO ROBERTSON

BROOKLYN (AP)—A bitter feud was brewing between the Cincinnati Redlegs and the Brooklyn Dodgers today as the result of two scraps last night.

Brooklyn's Junior Gilliam and Cincinnati's Raul Sanchez squared off for the first of two fights which brought players from both teams running to either get into a fight or attempt to make peace.

The second fight involved the Dodgers' Charlie Neal and the Redlegs' Don Hoak, a former Brooklyn player.

"I'll get Neal," said Hoak, who was ejected from the game, and Duke Snider had his second home run for a 4-5 Brooklyn victory there came the charges and countercharges.

"I'll get that Neal before this series is over, either on or off the field," said Hoak. "I was hit from ambush, when I wasn't looking."

Neal said he entered the melee to protect Gilliam, who, with Sanchez, collided on the first baseline as the Brooklyn second baseman's attempted drag bunt popped foul.

"Every Brooklyn pitcher has orders to dust off a batter when the count is two strikes and no balls," said Manager Birdie Tebbets of the Redlegs.

Denial By Alston

This Manager Walt Alston of the Dodgers promptly denied with the retort: "Ask my pitchers."

Tebbetts claimed Gilliam first tried to get the Cincinnati rookie right-hander in a disputed play at first earlier in the game. Sanchez sent Gilliam sprawling on the ground with a pitch before the Dodger infielder attempted his drag bunt.

Some players said the bad blood started in Cincinnati on Brooklyn's recent western trip when Sanchez knocked down Roy Campanella.

Several Good Punches

The Brooklyn catcher didn't say yes or no but informed a dressing room crowd that "I can take care of myself in a fight."

Nobody was injured, but Gilliam, according to Campanella, got in several good blows on Sanchez before peace makers intervened. Neal probably got in the best blow of the two fights when he caught Hoak with a right.

The Cincinnati third baseman was so incensed that he had to be restrained from attempting to take on the entire Brooklyn bench.

PUBLIC HEALTH SERVICE SPEAKS ON CIGARETTES

By FRANK CAREY

WASHINGTON (AP) — Surgeon General Leroy E. Burney said today, "There is an increasing and consistent body of evidence that excessive cigarette smoking is one of the causative factors in lung cancer."

But, Burney added, "It is clear that heavy and prolonged cigarette smoking is not the only cause of lung cancer." He said the Public Health Service favors more research into the problem.

"The precise nature of the factors is heavy and prolonged cigarette smoking which can cause lung cancer is not known," he said.

Cited Studies

The statement was the first Public Health Service pronouncement on the subject since 1954 when it took note of evidence of a statistical association between cigarette smoking and lung cancer.

Burney gave no new proof, but cited results of previous studies, especially one by a special study group made public last March. Burney's statement brought an immediate reply from Dr. Clarence Cook Little, chairman of the Scientific Advisory Board of the

Tobacco Industry Research Committee.

Reflects Some Opinions

Little said in New York that Burney's statement "adds nothing new to what has been known about the cause of lung cancer. It reflects the opinions of some statisticians and the relatively few experimental scientists who have actively charged that cigarette smoking is a cause of lung cancer."

Burney said: "While there are naturally differences of opinion in interpreting the data on lung cancer and cigarette smoking, the Public Health Service feels the weight of the evidence is increasingly pointing in one direction: that excessive smoking is one of the causative factors in lung cancer."

Quotes Study Group

The special study group quoted by Burney was established in June 1956 by units of the Public Health Service in cooperation with two private health organizations—the American Cancer Society and the American Heart Assn. The group was headed by Dr. F. M. Strong of the University of Wisconsin Medical School.

"The study group," Burney said "reported that lung cancer occurs much more frequently among cigarette smokers than among non-smokers, and there is a direct relationship between the incidence of lung cancer and the amount smoked."

Postpone Firing Of Atomic Device

ATOMIC TEST SITE, Nev. (AP) — Firing of the Diablo — the atomic device that failed to explode June 28 because of a power failure — has been put off at least until tomorrow morning.

It was scheduled to be exploded from a balloon 500 feet above the desert today, but the Atomic Energy Commission said a postponement was made necessary for technical reasons.

Portuguese and British colonies on the China coast.

British immigration officials picked up Blackwood's passport, presumably because he had no re-entry visa for Hong Kong. Mrs. Blackwood and their 10-month-old son were traveling on a South Korean passport.

The trip to Communist China violated U.S. passport regulations. An official at the American consulate said normal procedure calls for the consulate to mark Blackwood's passport valid for return to the United States only. He declined to say whether any other action would be taken against Blackwood.

Worked In Seoul

Blackwood, a former Air Force sergeant in Korea, was discharged in the Far East and went to work as a salesman for a clothing firm in Seoul.

He and his wife and son arrived in Macao April 26, ostensibly as tourists. They vanished 36 hours later, leaving behind a few suitcases and an unpaid hotel bill. Portuguese police, who combed the six-square-mile colony for weeks, finally reported Blackwood had paid \$50 to a Chinese sampan owner to ferry the family 500 yards to Communist-held Lappa Island.

Report Aga

(Continued From Page 1)

Thousands of Ismailis trekked to mosques in Bombay to pray.

Although the burial plans had not been announced, Egyptian architect Kamal Mallakh said in Cairo the Aga Khan some time ago had asked him to design a red granite tomb on the skyline of the desert hills on the west bank of the Nile across from Aswan, Egypt. Aswan is a major center of the Ismaili sect.

Not In A Hurry

Mallakh, who discovered Cheops' solar boat in 1954, said no actual work on the construction of the tomb had been done because the Begum wrote him in February 1956 "that they were in no hurry to pursue the project." He said according to original plans of the Begum and Aga Khan, the tomb would cover some 200 square yards. He said the plans included an entrance corridor, a circular area beneath a central dome and two funeral chambers, one for the Aga Khan and one for the Begum.

IKE, AIDES TO LEAVE CAPITAL DURING ALERT

NEWSPOINT, Operation Alert (AP) — A make-believe "unlimited state of national emergency and threat of invasion" was proclaimed today as imaginary enemy bombers, winged toward American cities to launch Operation Alert 1957.

Alfred alerts, scheduled to be sounded across the country, will be followed by the hypothetical nuclear attack this afternoon.

This sets the stage for a nationwide civil defense and mobilization exercise.

President Eisenhower and his key aides were ready to leave

White House, Marie Walla, went to a park across from the hotel where they are staying and pigeons.

Aly left the hotel, reportedly to confer with the "noble person" who held the secret of succession.

Prince Sadruddin and Miss Dyer left shortly afterward for the Aga's villa. They declined to talk to reporters.

Washington in a fleet of helicopters for a secret emergency White House.

Nation Is Alerted

Already in his imaginary proclamation, the President has declared an emergency, alerted military and civilian defenses, and created a top-level home-front war agency called the Office of Emergency Resources to supervise price, wage, rationing, priority and manpower controls.

Key officials supervised the test operations from other secret headquarters and already this news operations center, dubbed "News-point" and located in a city to the south of Washington, was in operation.

Next week, after three days of emergency civil defense tests, more than 5,000 government officials and key subordinates will seek to re-establish normal government operations from 80 safe relocation centers in half a dozen states.

This is intended to be a preview of substantially what would happen if this country actually were plunged into war after a surprise assault that left millions dead or wounded, more millions homeless and penniless, and a great part of industry obliterated.

ADVERTISE IN THE TIMES

HABEAS CORPUS FREES PIENIA

NORRISTOWN, Pa. (AP)—A Roy-

erford man, originally held without bail on a homicide charge growing out of the death of his wife, was freed by Judge E. Arnold Forrest yesterday for lack of evidence.

At the same time, in the conclusion of a habeas corpus hearing, the judge said the dismissal does not mean that 35-year-old Theodor Pienta "cannot be re-arrested should the commonwealth obtain sufficient evidence."

Pienta's wife, Jeannette, 43, died last Sunday in Phoenixville Hospital. Police said Pienta had beaten her.

The prosecution had counted upon the testimony of Dr. Emmanuel Burgess, Norristown pathologist, who performed the autopsy, but Dr. Burgess is on his way to Europe.

HARRISBURG (AP)—Gov. Leader today accepted without comment a 40 per cent reduction in his proposed five-million-dollar 1957-59 appropriation for the Pennsylvania Industrial Development Authority.

DISC JOCKEY IS INDICTED

PHILADELPHIA (AP)—A Philadelphia radio disc jockey was indicted yesterday for allegedly filing false and fraudulent income tax reports for the years 1948 through 1954.

William (Randy) Dixon, who has spun discs for Philadelphia stations WDAS and WIP, was charged with reporting total income for the six year period of \$40,675 and total tax due of \$4,094, whereas the government contends he earned \$62,737 and should have paid \$10,094 in taxes.

The indictment says Dixon failed to report income known in the disc jockey trade as "payola," money paid disc jockeys to induce them to plug certain records.

CAN YOU LAUGH AT DUCKLINGS?

Betty can laugh at ducklings. She remembers that classic of the Ugly One who grew up to be a stately swan. Betty laughs because she understands the story. She knows that some people, like ducklings, often scorn someone who is different.

But she knows, too, from her religious training, that there are times when a person must face the scorn of others and be different. In fact, already she has found that a primary aim of Christianity is to change life for the better... to help the individual be different so the world can be different.

Not everyone can laugh at ducklings. Some folks take quite seriously the dread of being different. For instance, there are men and women who don't attend Church, but who would like to. They simply feel awkward about breaking away from an indifference which they think is expected of them.

You can make it easy for the hungry-but-hesitant to attend Church. Always invite someone to worship with you.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

JETHRO, A PRACTICAL COUNSELOR
Exodus 18:13-24

Key Verse: Jethro rejoiced for all the good which the Lord hath done. Exodus 18:9.

The Israelites had crossed the Red Sea and Egypt's pursuing horsemen and chariots had perished. The expert leadership of Moses and his brother and sister, Aaron and Miriam, under the hand of God had delivered the Hebrews. The next task was to organize the people and to provide justice for all. In this Moses was assisted ably by his father-in-law, Jethro, who joined the Israelites after the crossing of the Red Sea. Zipporah, Moses' wife and daughter of Jethro, and their two sons rejoined her husband too.

Moses had keen sense of justice, for he had slain a prominent Egyptian when he found him beating a Hebrew. He became justly angry when he beheld some uncouth shepherds trying to steal water drawn by Jethro's daughters for their sheep. He would go to any length to provide justice for his people. As a result of this one-man government Moses was overburdened with a multitude of grievances which had to be settled. Furthermore, the people became restless and fatigued waiting their turn in the hot desert sun.

Jethro was a keen observer and soon appraised the situation wisely. Although he was not a Hebrew, he rejoiced in their liberation. He was a tribal chieftain from Midian, an Arab land in the eastern part of the Sinai Peninsula. There he had had much experience in settling disputes. In the cool of the evening campfire he spoke to Moses and proposed a plan whereby justice could be administered more easily and effectively, thus relieving Moses for his most important duty — that of serving as earthly mediator between God and His people.

Jethro advised Moses in this manner, saying, "What you are doing is not good. You and the people with you will wear yourselves out, for the thing is too heavy for you; you are not able to perform it alone. . . . I will give you counsel, and God be with you! You shall represent the people before God, and bring their cases to God. . . . It would be Moses' responsibility to teach them the statutes and decisions and show them what to do. Jethro's plan of organization was three-fold: (1) to divide the people into groups of thousands, hundreds, fifties, and tens; (2) to choose men fitted to be judges and assign them to the various groups; and (3) to save the national leader (Moses) for the broader responsibilities and guidance.

Because Jethro was a godly and wise man himself, Moses respected him as a counselor and accepted this very workable plan. "So Mos gave heed to the voice of his father-in-law and did all that he had said." This plan is the basis for our system of courts today, so Jethro devised a solution which has become a pattern for justice. The people would complain no longer about the delayed hearings!

The matter of choosing the justices was also carefully considered. Jethro's advice here was equally good: "Moreover choose able men from all the people, such as fear God, men who are trustworthy and who hate a bribe." This can be broken down into the following four qualifications for such leadership: (1) ability; (2) fear of God; (3) trustworthiness; and (4) honesty.

Jethro had a genius for organization and was eager to share his ability with Moses. The Book of Judges follows the Bible books about Moses and Joshua, so this judicial pattern was of greatest importance when the leaders of the Hebrew nation began to be called judged. So the Midianite elder statesman performed a real service for the Hebrew nation. Both Midianites and Israelites descended from Abraham.

Elder statesmen such as former President Herbert Hoover and Winston Churchill have provided expert counsel to their respective nations. Church statesmen like Dr. John R. Mott, now deceased, have given guidance to many Christian organizations throughout the world.

Boy, 7, Cycles 22 Miles To See Granny

HAGERSTOWN, Md. (AP)—Lawrence Truett, seven years old and highly resourceful and energetic, made up his mind the other day to visit his grandmother here. So he hopped on his bicycle and buzzed over from Chambersburg, Pa., 22 miles away, to be with his granny, Mrs. Roy Kilmer, making the trip in four hours.

But he forgot to tell his parents. When Mrs. Kilmer found out about the oversight she called Chambersburg to let the Truett's know that Larry was safe and happy.

Leader Signs Measure For Relief Payments; Plans To Take Vacation At Seashore

HARRISBURG (AP)—Gov. Leader today cleared from his desk 19 appropriation bills totaling more than 135 million dollars.

Among the measures acted upon favorably was a 129½-million-dollar 1957-59 grant for relief payments and administrative expenses of the Public Assistance Department. This is the first major department to receive its appropriation for the current fiscal period.

Action on the money measures dropped to 186 the number of bills passed by the Legislature and awaiting action. Leader has until July 20, one month after the General Assembly officially adjourned, to decide on the proposal. He is expected to complete the job by the middle of next week and then leave for a seashore vacation of at least two weeks.

Short Of Request

In signing the Public Assistance measure Leader noted that the total made available to the department by the Legislature will fall 3½ million dollars below the 150 million he recommended in his February budget message. The Department received a 15-million-dollar stopgap grant in May to keep it operating until the main appropriation went through.

In addition the department is to receive another two millions under a provision of the general appropriation bill.

Other appropriation bills written into law today included:

For major repairs and renovations to about 100 armories, \$500,000.

For costs and expenses of the state public school building authority, \$550,000.

Aid To Libraries

For state aid to free public county libraries, \$180,000.

For aid to financially handicapped and distressed schools districts, \$400,000.

To the Downingtown Industrial and Agricultural School, \$140,500.

MARTIN LISTS FIVE DOMESTIC DANGERS IN U.S.

HARRISBURG (AP)—U. S. Sen. Edward Martin today listed five domestic "dangers that threaten America" in addition to communism.

Martin named them as inflation, big government, too much private and public debt, moral decay among the people and too little interest in government.

"I bring these dangers to the attention of this great organization of veterans because your patriotic service entitles you to leadership in civic responsibility," the Pennsylvania senator said in an address prepared for the state convention of the Veterans of Foreign Wars.

The convention adopted yesterday a resolution protesting the Supreme Court decision giving jurisdiction to the Japanese over Army Specialist William S. Girard. The soldier is charged with manslaughter for the death of a Japanese woman at a temporary firing range.

The VFW resolution said the United States had surrendered the rights of Girard "for an action clearly occurring while on duty in Japan." The resolution also called for "abandonment or revision, whichever shall be necessary," of the status-of-forces

Soviet Leader Suggests Marriage Of Convenience With Capitalist Nations

By HAROLD K. MILKS

PRAGUE, Czechoslovakia (AP)—Nikita Khrushchev last night proposed a marriage of convenience between the Communist and capitalist worlds to avert war.

He also claimed Yugoslavia as a loyal member of the Socialist (Communist) camp.

The stocky Soviet Communist party chief put forward his suggestion of marriage without love in the glittering ballrooms of Prague's 14th century Hradcany (pronounced Rud-Chunny) Castle, once the home of Bohemia's kings.

Turning to the envoys of capitalist countries attending the reception given by Czech President Antonin Zapotocky for the Kremlin leaders, Khrushchev said capitalists do not like the Communist system "but I like it."

Wed Without Love

"But there are many cases," Khrushchev continued, "of people not in love getting married. They get along very well without love but with understanding."

"Let's try it. Let us compete and see who's better, but let us do it peacefully."

Still aiming his words at the Western diplomats among the more than 1,000 guests, Khrushchev said: "I know you don't like our system but we were not born with church bells ringing but with the sound of gunshots. Let us stop considering each other as enemies and try, and get on. I believe there is no other way."

Khrushchev boasted that Soviet relations with this Communist nation are so good they cannot be improved upon.

agreement under which Girard was released to Japanese jurisdiction.

"But we want improved relations with other countries — with the United States," he said. "The United States is a strong and big country. We also think that we are not a small, weak country. I think we can be considered equals."

He said the Soviet Union wanted an end to the arms race because "with modern developments of arms this race could become catastrophic."

"Either we fight for peace or we have war," he said. "We must mobilize all our efforts and all nations for peace."

Later he appealed for complete unity of all Communist countries, saying: "I know Yugoslavia doesn't like the word camp. They prefer something like community. But Yugoslavia is a Socialist state. Are there two socialisms or one? That question has been raised on several occasions."

"Defend Peace"

"We want to strengthen the Socialist camp, not in any aggressive way but to defend peace. We came here for that reason."

He also told a Polish correspondent: "Our relations with Poland are very good now. We had that episode (last October's demand by the Poles for greater independence) but it was like a pimple on your face. It disappeared completely and left no trace."

51,000 SCOUTS OPEN JAMBOREE WITH CEREMONY

By LEE LINDER
VALLEY FORGE, Pa. (P) — America's Boy Scouts today officially opened their fourth National Jamboree.

With red rockets bursting in air and a band playing the stirring martial tune "Colors," four Eagle Scouts hoisted Old Glory on a 60-foot pole.

Drums rolled as the flag reached the top of the gleaming aluminum pole — and then there was a moment's silence.

The 51,000 Scouts and their leaders stood at attention in the grassy valleys and wooded hills of historic Valley Forge.

It was the first time the American flag had flown over the encampment.

Though thousands had been living for more than three days in tents pitched on this historic land made famous 180 years ago by George Washington's colonial army, the weeklong jamboree that ends next Thursday has been unofficial until today.

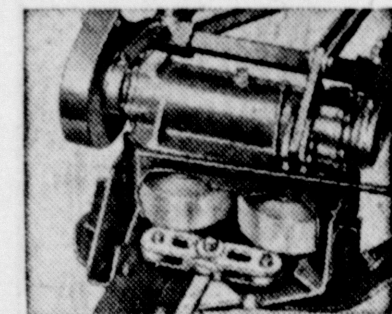

The impressive flag-raising ceremony officially called the jamboree to order.

The honor of hoisting the colors went to Robert Dockstader, 17, Kennett Square, Pa.; Charles Ax, 16, Downingtown, Pa.; Neilson Lair, 15, Coatesville, Pa.; and Wayne Brown, 15, Rising Sun, Md., all members of the Chester County (Pa.) Council, which is part of the Philadelphia area.

Four Philadelphians raised the national Scout flag and four from Valley Forge the official jamboree banner on two 35-foot poles standing on either side of the main staff.

150-Piece Band
Then while the 150-piece band composed of Scouts from Pennsylvania, Delaware, Maryland, Virginia and the District of Columbia continued to play—after the moment's pause—the flags of 62

Mail Carrier Is Spurred By Rooster

DALLAS (P) — A note from the Beaumont postmaster to Regional Postal Safety Director Harold Packard read:

"Morris A. Johnson, 25, a carrier, was temporarily sidelined when he was spurred by a rooster. The carrier noticed the rooster when he went to deliver the mail, but he was unaware that the rooster was of a fighting nature."

Boys Will Replace 125 Broken Windows

WINTERVILLE, Ga. (P) — Clarke County Juvenile Court Judge Olin Price is a firm believer in making the punishment fit the crime.

Six boys were brought before him for breaking 125 windows in school buildings.

He talked things over with the boys and their parents and then ruled that next Tuesday the boys replace every pane of glass knocked out.

The parents will pay for the glass and the putty.

15-Inch Mustache Is Insured For \$15,000

SAN DIEGO (P) — Restaurant owner George Pernicano says he is insuring his mustache, measuring 15 inches from tip to tip, with Lloyds of London for \$50,000.

He said he was prompted by the furor over orders by the city's police and fire chiefs that mustaches must go from their departments. He professed, with tongue in cheek, that he feared the ban might somehow spread.

Other nations were raised on 26-foot poles that lined the headquarters quadrangle.

Thus the jamboree got under way. This evening's mammoth pageant will feature Vice President Richard Nixon who will bring a personal message from President Eisenhower. Eisenhower is not planning to attend.

There seems to be no dearth of 2-year-old thoroughbreds. More than 220 were stabled at Gulfstream Park during the winter.

Oust Deputy For Not Paying Bills

NORRISTOWN, Pa. (P) — The first deputy controlled of Montgomery County was fired yesterday for alleged failure to pay the county's bills.

Ralph Gehman was handed a one sentence notice by his boss, county controller Joseph Green, saying Gehman's services were terminated immediately. Gehman immediately charged that he was being made a "scape goat" by Green and accused the

SAFETY DRIVE CREDITED WITH CUT IN DEATHS

CHICAGO (P) — A nationwide campaign on traffic accidents was credited today with saving the lives of 400 persons in the first six months of 1957.

A special report of traffic deaths at the halfway mark in the National Safety Council's "Back the Attack on Traffic Accidents" campaign disclosed a 2 per cent reduction in fatalities at the end of June as compared with the first half of 1956.

This represents a numerical saving of 400 lives, the council said. It added the improvement is even more significant than the 2 per cent gain indicates in view of the increased highway travel.

Each Month Under '56
The nation counted 426 traffic deaths over the long Fourth of July holiday period, from 6 p.m. July 3 to midnight July 7.

Since the campaign started, no month has shown an increase in traffic deaths, the council said in announcing the special report from the nation's state governors.

"The figures prove that the 'Back the Attack' campaign is paying off," said Ned H. Dearborn, council president. "We want everyone who has had a part in this nationwide campaign to know that his efforts have not been in vain. They have proved in the last six months that diligent application of known safety principles can pull down the death toll."

What States Are Doing
So far 13 states are adding state patrol personnel; 5 have new speed laws; 11 are increasing selective enforcement efforts; 5 have driver license improvements; 7 have additional state or town citizen support organizations; 4 plan increased use of radar speed checks; and 4 plan statewide conferences on traffic safety problems.

Dearborn predicted that success of these stepped-up campaign measures will make them standard operating procedure in the future.

county controller of mismanagement and incompetence.

Last June 10, Green had given Gehman two weeks leave of absence without pay because the controller charged his assistant was not cooperating in prompt payment of bills.

Gehman, whose post pays \$7,000 a year, has been with the controller's office since 1932.

"Whatever mess has been created is due to his (Green's) own lack of responsibility," said Gehman.

James MARLOW Reports

The Associated Press

WASHINGTON (P) — The Supreme Court ruled only that the government had the right — and not on whether it was right — to let the Japanese try GI William S. Girard for shooting a woman to death.

The court reached its decision in four steps. Some background is necessary to understand them:

Every foreign country, being a sovereign power, has the right to try an American, civilian or serviceman, for a crime committed within its borders unless, by agreement with the United States, it willingly gives up its right to do so in certain cases.

U. S. Agreements
The United States worked out the following agreement with a number of countries where it has troops stationed, including Japan:

1. If an American, civilian or serviceman, commits a crime while not on official duty, as in the case of Japan, the Japanese are free to try him.

2. But the United States has first claim — or primary right — to try him for a crime committed in performance of duty or in certain other circumstances.

3. In cases where the United States has the primary right to try — but Japan insists on bringing him to trial — this country will give "sympathetic consideration" to the Japanese claim.

Have Optional Decision
In short, in such a case this country could turn a serviceman over to Japan even though the crime he committed was "in performance of duty."

The Japanese did not deny that Girard was on duty when he killed the woman while she was picking up empty shells on a maneuver area. Girard had been assigned to the area by his commanding officer to guard a machine gun.

But the Japanese did argue his shooting the woman was not "in performance of duty." They asked to try Girard on a charge equivalent to manslaughter. Eventually, this country agreed to turn Girard over to the Japanese.

Claim Violation
Girard's lawyers appeal to the Supreme Court. They said turning Girard over to Japan was a violation of his constitutional rights as a citizen. The Constitution guarantees a citizen in this country a right to trial by jury. In Japan judges do the trying.

The court took the following steps in deciding not to interfere with the Eisenhower administration's decision to let Japan try Girard:

1. It found that an American in a foreign country has no immunity to trial by that country's government unless it has agreed to let the United States, in some circumstances, try him.

Other Decisions
2. It found that the agreement with Japan was not unconstitutional. This country had made its agreement with Japan under a treaty approved by the Senate.

NEW COST STUDY PLANNED BY PA. ON U.S. ROUTE 11

HARRISBURG (P) — A new cost study for improving U. S. 11 by widening some stretches and building bypasses is planned by the State Highways Department.

Robert A. Farley, deputy secretary and chief engineer, announced the work yesterday after listening to protest against a department recommendation for location of a Harrisburg-Scranton interstate highway on the eastern side of the Susquehanna River.

"We will undertake an additional study on U. S. 11 to determine what it will cost to bring it up to modern, complete 50-mile-an-hour standards," he said after a 1½-hour meeting with representatives of the Original Route 11 Assn.

14 Possible Lines
Farley told the group a consulting engineering firm spent two years before submitting 14 possible lines for the proposed limited access superhighway. The road has won partial final approval from the U. S. Bureau of Public Roads.

He said 3 of the 14 lines were on the western side of the river but that all of the final three considered were east of the river. At present U. S. 11 is on the western bank between Harrisburg and Northumberland and north of the river from there to Scranton.

Farley said Samuel Taylor of the Hagerstown, Md., regional office of the Public Roads Bureau was consulted on the final recommendation.

Timorell's Views
"We already have highways to serve the population masses of the upper anthracite region," John Timorell of Bloomsburg told Farley. "We feel you would be putting in a road where you already have one."

The so-called distressed coal area theme is overplayed a bit. We have statistics to show that unemployment there isn't as bad as they claim. They have switched over to industry and no longer depend exclusively on coal," Timorell said.

Farley replied that the eastern route "would materially benefit the lower anthracite region."

Points Out Hazards
The association emphasized what it called additional "hazards" encountered on an eastern route such as unfavorable weather conditions and undermined areas which would not be present on a western

The treaty therefore was constitutionally okay.

3. It found further that this agreement was not contrary to any existing American law.

4. Since there was no conflict with the Constitution or any law, the court would not interfere with the executive branch of the government to conduct foreign affairs. This treaty came under foreign affairs.

So the court refused to intervene for Girard.

GIRARD SURE OF ACQUITTAL BY JAPANESE

CAMP WHITTINGTON, Japan (P) — William Girard predicted today a Japanese court will acquit him of charges of causing the death of a Japanese woman on a military firing range.

The 21-year-old U. S. Army specialist from Ottawa, Ill., issued a statement to reporters a few hours after the U. S. Supreme Court upheld the American government's decision to turn him over to Japan for trial.

Asked about the high court's ruling, Girard said he had "no comment on the way it went."

Girard told reporters "I am hoping to get a fair trial" in the Japanese court.

Open Trial Aug. 26
His Army legal adviser, Maj. Stanley Levin of Hollywood, Calif., was asked earlier if Girard expects a fair trial and gave this reply: "He might not put it just that way but you can say that."

At Maebashi, where Girard will be tried, Dist. Court Judge Juzo Kawachi announced he will open the trial Aug. 26. He said other sessions will be held Sept. 6, 13, 14 and Oct. 4.

Kawachi declared he will give the American GI a fair and fast trial and said he expected the proceedings to be completed in October.

Girard's prediction as to the outcome of the case was issued through Levin.

"It is our (Levin's and Girard's) belief," the Army lawyer said, "that the court will reach the conclusion that Specialist Girard was in performance of his duty and that it was a regrettable accident."

Girard has been indicted by the Japanese court on charges of "inflicting bodily injury resulting in (the) death" of Mrs. Naka Sakai, 46. He is accused of having fired an empty cartridge case from a grenade launcher that struck and killed the woman as she collected scrap metal on a firing range Jan. 30.

"Owney, The Postal Dog," Went Around The World With The Mail

Postmaster Lawrence E. Oyler came up today with the story of "Owney, The Postal Dog," perhaps the most traveled pooch in the history of dogdom. The postmaster got the story from the Post Office Department in Washington. It was written originally by Ruth Thompson for the Modern School Readers, Book Four, and was based on information supplied originally by the Postal Service. Here's the story:

A dog, homeless and hungry and shivering from cold, one day in 1888, crept into the Post Office at Albany, N. Y. The clerks were very busy and did not notice him, so he huddled on a pile of mail bags and fell asleep.

Made P. O. His Home

The next day the mail clerks found him.

They felt sorry for the dog and did not have the heart to drive him out into the cold again, for he had such a wistful look in his eyes and such a pleading wag to his tail.

So when lunch time came, the clerks shared their lunches with him, and it may have been that which started the dog's love for the men in the post office, and in fact, for all men who handled the mail for Uncle Sam.

As the weeks passed, the little visitor made the post office his home. As he did not seem to be long to anyone, he was an adopted son. The men named him "Owney."

Made Trips With Mail

Owney was a very intelligent animal. He watched the mail bags come and go and seemed to regard

them as his friends. Perhaps it was his curiosity that led him to make a trip with the mail bags. It is certain that he felt safe any place the bags went and with the men who handled them. He was often gone on a trip for several weeks and then he would return to the Albany post office.

The mail clerks were afraid Owney would get lost. They bought him a collar and on it they placed his name and address. Then they fastened a card to the collar asking postal clerks to attach the name of any place that Owney visited.

Owney very soon started out on visits all over the United States. He carried so many tags that they were too heavy for him. The postmaster felt sorry to see him with such a load. So he had a harness made and Owney could take his tags with him very comfortably.

The time came when Owney went around the world. He was in the city of Tacoma, Washington, when the mail bags were being loaded for Japan and China. When the post office men saw that Owney surely meant to go abroad too, they gave him a letter of introduction to the postal people in many parts of the world. Then Owney was the guest of the captain of the ship. He had a glorious trip. With his harness carrying his tags and medals, he was a very important passenger on board. Owney was well received and properly treated in foreign countries.

When he arrived in Japan, the Mikado gave him a passport which bore the seal of the empire. In China the emperor made him welcome and Owney saw many of the leading merchants. Everywhere that Owney went he was an object of great interest. He was such a friendly and intelligent dog that he made many friends.

Owney landed in New York from his trip abroad. From there he crossed the country to Tacoma, his starting point. He had been gone just 132 days on his trip.

You Can See Him In D. C. Owney was the greatest dog traveler in the world. He had no home except the mail sacks on steamers and mail trains. His dearest friends were always the postal clerks. The men with whom Owney chose to ride were always regarded as the lucky ones. It was said that Owney carried good luck with him, for no accident ever happened on a train on which Owney was traveling. It always flattered and pleased the men when Owney chose to travel with them.

When Owney's journeys were over, it was found that he had about 200 checks, medals and certificates. Incidentally, when you get to the National Capital, look up Owney. He is mounted and on display in the world-famous Smithsonian Institution.

LARAMIE, Wyo. — Maybe Wyoming's small high schools have finally cracked the monopoly which four class AA schools held on the state high school basketball championship for 22 years.

Between 1930 and 1953, Cheyenne won 10 state crowns, Rock Springs 6, Casper 4 and Laramie 2. In the past four years, two small schools have won the state championship. Thermopolis in 1954 and Cody this year.

Cruise Ship Is Yanked Off Reef

HAMILTON, Bermuda (AP)—Helped by a mighty yank from ground tackle, the British cruise ship Reina del Pacifico lid backwards off Devil's Flat reef last night three days after running aground.

The liner bobbed lightly on the squall-tossed sea, but with a starboard list. The effort to pull the Reina free succeeded as the weather grew increasingly worse.
